

tots on a mission to....

R O M A N I A

I can thank God for:

- the Christians from Romania and other countries who are showing Jesus' love and care to the thousands of orphans and street children, and to the homeless, sick and elderly.
- all of the Romanians who are learning to follow Jesus.

I can ask God:

- to give wisdom to church leaders in Romania as they teach the Bible and reach out to those who have no hope.
- to help Christians in Romania learn to forgive, love and trust one another after many years of persecution.
- to give the government leaders wisdom as they rule, so everyone in need receives help
- to show people from other countries the best ways to help churches grow and glorify God.

add clip art or the flag
your child colors here

tots on a mission extras

Cut out the following clip art and use it for your 'Tots on a Mission' monthly sheet. You can either have your little one trace the letters on the first page, or cut out the letter tiles below and have them match the letters to the correct letters in the name of the country. Have fun coloring the flag or just cut out the clip art and glue it to the page. An example of a completed page is below.

tots on a mission to....

R O M A N I A

I can thank God for:

- The many secret believers in North Korea

I can ask God:

- That the Christians will know He is near them despite the threat of punishment or even death if they are betrayed.
- To prepare the hearts of the North Koreans for the day when the good news about Jesus can once more be shared openly.
- To work a miracle in the hearts of the government leaders so they will know He alone is God.
- For Christians around the world to faithfully pray until people can once more share the Gospel in North Korea
